# LEARNING CONTENT DEVELOPMENT SYSTEM (A GAME TO REVIEW CONJUNCTIONS FOR YEAR 4 STUDENTS)

Prepared by: Nur Namirah Binti Abdul Rahman
PISMP BI Jun 2015

OBJECTIVES:

- To help pupils to review their own understanding for conjunctions.
- To promote a self-learning system.

❖ Learning Content Development System Conjunction was developed to promote self-learning among the Year 4 pupils.

❖ It helps to create another method for the pupils to review what they had learned about conjunction in the classroom in the form of a game.

➢ Learning Content Development System – Conjunction can be use after the lesson with the teachers – at home or in the schools

➢ This game can be used in the induction set as a group task among the pupils to get them ready with the next lesson.

➢ Marks from the game can be recorded by the teacher easily
